

EURO BASE

FENCE FEET

Heavy duty base with 3 hole sizes and shapes (42mm and 62mm), suitable for signs and fencing. A cost-effective alternative to concrete bases, the thermoplastic compound is more resistant to cracking and damage.

PRODUCT RANGE

EURO BASE

Usage Benefits

- ▶ Can be easily installed, transported and stored using moulded handles
- ▶ Provide weighted stability and shock resistance across fencing systems
- ▶ Reduce trip hazards with these long-lasting fence feet
- ▶ Adapt and customise fence feet with corporate logo
- ▶ A closed loop recycling product: made of recycled PVC
- ▶ Fully recyclable
